**Subject:** Repeal of HB6672 section 10

Hello,

I am writing today to support the repeal of HB6672 Section 10. We are business and property owners across the street from the land that wants to be swapped for less valuable land in Higganum. This has always been a bad idea and will spoil the beautiful open space looking over the Connecticut River. We feel strongly that no one will benefit from this except The Riverhouse and will open Pandora's box. This land was purchased with conservation funds and was meant to be kept as open space.

Please put this "to bed" for good.

Sincerely,  
Ann Marie Pszczolkowski
